RE: PS 109 - Manhattan - 115-4
Building Stabilization
LLW #: 17191

Dear Ms. Barrett:

We are in receipt of your October 15, 2002 letter denying the acceptance of the referenced Building Stabilization project.

Please be reminded that roof leaks are guarantee/warranty issues for which the warranties have been previously sent for activation as necessary by DSF personal.

As an accommodation, we have initiated a warranty call to the contractor and expect the leaks to be corrected within a week.

In light of the above, please accept the transfer of this project at this time.

Sincerely,

Michael Eitongon
